

Membership Resource Database

Would you like to become more involved but don't have a lot of time to give?

The Northport Historical Society knows that one of its biggest assets is its members. With that in mind we have put together a living “resource database.” The database consists of a number of lists, including private collections, specialized knowledge, family histories, and connections; and also specialized skills that relate to our historic roots, like spinning or woodworking, or to exhibits and technology.

Do you have a special area of interest, a hobby, a skill, or a collection that you would like to share? Your inclusion in our database does not require a major commitment. We'd just like to be able to tap into the talents and expertise of our membership when needed. For example, when putting together exhibits, we often have questions that relate to the history of Northport or to specific events, items or places that could best be answered by our members.

Any area of interest or expertise would be helpful, as would any suggestions you may have for future exhibits and programs. Who knows, it may be your hobby that provides us with the inspiration for our next exhibit!

If you are interested in being included in our resource database, please fill out the form below and drop it off at the museum office or mail it to: Northport Historical Society, P.O. Box 545, Northport, NY 11768-0545. You may also simply contact us at 631-757-9859 or email your interest to nhsstaff@optonline.net.

As always, we thank you for your continued support.

Please tell us more about your area of expertise:
